

Trinity Christian College

Clinical Mental Health Counseling

Program Outcomes Report

2022-2023

The counseling program had 27 students in the 2022-2023 academic year. The student body is composed of multiple ethnic backgrounds with a higher ratio of females to males in the program. 12 students graduated during this period. Of the total students enrolled in the program we have experienced a 70% completion rate. We estimate an 80% pass rate for the NCE exam. Scores reported to the college indicate our students do well on the licensure exam. It is not known how many graduates actively sought jobs after graduation. It is estimated that 80% of graduates find job placement within 6 months of graduation.
